- Dear Japanese,

Because of what I posted was disappeared, I repost & modify this article again.

Most of us now chat about Click^3 on "Little-Games" board of the Ptt;

until now, thousands of guys are attracted and interested in Click^3.

Just like(?) 2ch in Japan, Ptt is the largest BBS in Taiwan;

more than 700,000 users are registered as well as 70,000 users online all day.

The users are mainly undergraduate students and high school students.

And, there are about 10,000 boards on Ptt,

including these main boards: "Gossiping", "Little-Games", "StupidClown",

"joke", "Hate", "sex", "Beauty", "Food", "movie", and so on;

every board has hundreds to thousands of articles.
